Note: In applicant consortia, the information under III.2.1) must be provided with reference to the applicant consortium.

2. Legal, economic, financial, and technical information

2.1 Information on a special professional status

Applicant consortia consisting of at least one city planner and one architect and one landscape architect, as well as applicants that have the three professional qualifications indicated, are entitled to take part in the competition. The certification must come from an EEA / WTO / GPA nation.

Natural persons living in the certification area who are entitled to bear the professional designation of city planner, architect / landscape architect on the date of the announcement and who are members of a Chamber of Architects in Germany, or who are entitled to bear the professional designation of city planner / architect / landscape architect according to Sec. 2, Sec. 7 BauKaG NRW (non-resident architects / landscape architects), and whose business location/residence is in the territory covered by the EEA agreement or in another third state, if it is also a member of the WTO service agreement, or to bear the professional designation of city planner / architect / landscape architect under the law of their respective home country and located in one of the aforementioned international territories are entitled to participate. If the professional designation is not legally regulated, then the professional requirements are determined based on the relevant EC directive. Legal entities are entitled to participate if their business purpose includes performing planning services that conform to the task of the competition, and if the authors of the competition dossier working in the company that fulfil the requirements above.

Applicants can be one or more natural persons or legal entities. If participants are entitled to perform the relevant services according to the legal regulations of the country in which they are located (country of origin), then they may not be rejected solely because they must be either a natural person or legal entity according to the relevant German statutory regulations.

2.2 Project responsibility

The following individual is named as the project manager:
